Publication, Data Sharing of Specification Documents

➢ Patent application publication documents are available since the online application acceptance since August 19, 2019,

➢ Documents that will be shared to the IP Register database are being validated internally by DJKI,

➢ Currently, there are 2563 initial publication files and 473 granted patent files that are being prepared to be uploaded to the IP register data sharing,

➢ Data sharing will continue to be implemented and will continue to be added over time.
