ANNUAL TECHNICAL REPORT

1999

ON INDUSTRIAL DESIGN INFORMATION ACTIVITIES*

submitted by

ARMENIA

An annual series of reports on the industrial design information activities
of members of the Standing Committee on Information Technologies

*

- The expression “industrial design” covers designs and models.
- Information related to design patent activities reported by industrial property offices issuing design patents is included in this series of documents.

Annual Technical Reports on Industrial Design Information Activities in 1999

I. Evolution of registration activity

In 1999, 9 applications on industrial designs from 2 countries were filed with Patent Office of RA. 4 applications were filed from Armenia and 5 applications from Japan.

In 1999, 11 patents were filed on industrial designs.

II. Matters concerning generation, reproduction, distribution and use of primary and secondary sources of patent information.

In 1999, 4 numbers of the Official Bulletin “Industrial Property” were published. The bulletins were published in Armenian and Russian. There were published data on “patents for industrial designs.”

III. Matters concerning classifying, reclassifying and indexing of trademark information

International Classification for Industrial Designs ICID (Locarno Agreement) is used for registration of industrial designs.

Upkeep on industrial designs was not established.
